## *Professional Summary*

Computer ScienceEngineering graduate (2026) with knowledge of Python, MySQL, HTML, CSS, and JavaScript. Experienced in developing web applications and machine learning projects. Passionate about software development, problem solving, and learning new technologies. Seeking an entry-level Software Engineer position.

## *Experience*

***Python FullStack Developer Intern*** ***June 2026 – Present***
***SMEC Technologies*** | ***On-site***

- Gaining hands-on experience in Python full-stack development.
- Learning to develop web applications and work with databases.
- Applying programming concepts through practical training and development tasks.

## *Education*

***Dr. M.G.R. Educational and Research Institute*** Chennai
***B.Tech in Computer Science and Engineering —CGPA:7.01/10*** ***2022 – 2026***
***St. Ann's Public School*** Kochi
***Class XII – 75%***
***Al-Ameen Public School*** ***2021***
***Class X (CBSE)– 80%***
Kochi
***2019***

## *Technical Skills*

- ***ProgrammingLanguages:*** Python, JavaScript
- ***WebTechnologies:*** HTML, CSS
- ***Database:*** MySQL
- ***Concepts:*** DBMS, Data Structures, OOP Fundamentals
- ***Tools:*** GitHub, VS Code

## *Projects*

***Adaptive Social Insight: Real-Time Opinion Mining of Digital Posts Using Machine Learning***

- Developed a full-stack machine learning web application for multilingual sentiment analysis.
- Implemented language detection using LangDetect.
- Integrated Deep Translator for automatic translation of 100+ languages.
- Utilized a fine-tuned RoBERTa model for sentiment classification.
- Classified sentiments into Positive, Neutral, and Negative categories.
- Built an end-to-end pipeline for real-time opinion mining.

***Web-Based Weather Forecasting Application Using API***

- Developed a responsive weather forecasting application using HTML, CSS, and JavaScript.
- Integrated Weather API to fetch real-time weather information.
- Displayed temperature, humidity, wind speed, and weather conditions.
- Implemented location-based weather search functionality.
- Added weather visualization and multi-day forecast support.

## *Relevant Coursework*

•DatabaseManagementSystems (DBMS) • Data Structures • IPv6 Fundamentals

## *Languages*

English
Malayalam
Hindi
Tamil
